The Commonwealth of Massachusetts.

REPORT.

Headquarters of the Police Department. Office of the Police Commissioner, 154 Berkeley Street, Boston, December 1, 1953.

To His Excellency Christian A. Herter, Governor of the Commonwealth.

Your Excellency:

In compliance with the provisions of Chapter 291, Acts of 1906, as amended, I have the honor to submit the following report of the activities of the Boston Police Department for the year ending November 30, 1953.

The morale of this organization is excellent, and it is a pleasure to express my appreciation to the members of the Department for their loyalty and efficiency in carrying out their assignments.

I extend my sincere thanks to Your Excellency for the support you have given the Department during the past year.

Respectfully submitted,

Thomas F. Sullivan,

Police Commissioner.

Presentation of Medals

The Walter Scott Medal for Valor for 1953 and Department Medals of Honor, as recommended by a Police Board of Merit, were awarded at the annual ball of the Boston Police Relief Association, held at the Boston Garden, December 9, 1953, as follows:

The Walter Scott Medal for Valor and a Department Medal of Honor to Detective Edward L. Twohig, Jr., of Division 4

Detective Edward L. Twohig. Jr., of Division 4, is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on May 17, 1953.

Detective Twohig, then a patrolman, while on his way to work, was informed that several variety stores had been held up by armed bandits and one woman was shot in the head. Shortly after, the officer observed a man running from a variety store toward a parked car. He immediately grappled with the man until he was wounded by a burst of gunfire from the parked car. Despite his wound he held on to the prisoner and fired after the fleeing car. Officer Twohig called upon a citizen for assistance, gave him his gun to cover the prisoner, and then collapsed. This arrest brought about the apprehension of a gang which had been involved in a number of armed holdups.

DEPARTMENT MEDALS OF HONOR

Patrolman John J. Coffey of Division 17 is awarded a Department Medal of Honor for meritorious duty performed on December 31, 1952. Patrolman Coffey, within a short time after receiving information of an assault and robbery in a market, traced the culprit to a drugstore. As Patrolman Coffey entered the store, the criminal attempted to pull a loaded revolver from his pocket but he was overpowered by the officer after a struggle. He was later identified with several other robberies.

Patrolmen Daniel E. Donahue and Peter J. Donovan of Division 15 each is awarded a Department Medal of Honor for meritorious duty performed on January 20, 1953. These officers, while patrolling in a cruising car, observed a man whose description tallied with that of a man wanted for armed

robbery. They took him into custody and he was found to have a fully-loaded automatic pistol in a shoulder holster. He was later identified by the victims of several armed robberies.

Patrolmen Thomas F. Mills and John A. Schofield of Division 16 each is awarded a Department Medal of Honor for meritorious duty performed on January 22, 1953. These officers, while patrolling in a cruising ear, received a radio message giving the registration number and description of three men wanted for holding up a gas station attendant in Quincy, Mass. Sometime later they observed three men in a lunchroom answering the descriptions. They were placed under arrest and one of them was found to have a fully-loaded pistol. Part of the stolen money was later found in the getaway ear.

Patrolman William R. Grew of Division 4 is awarded a Department Medal of Honor for meritorious duty performed on December 24, 1952. Patrolman Grew, while patrolling his route, heard a woman screaming and then observed that she was being pursued by a man who was pointing a revolver at her. The officer overtook the man and after a struggle succeeded in wresting a fully-loaded revolver from him.

Patrolman Edward A. Curley of the Traffic Division is awarded a Department Medal of Honor for meritorious duty performed on July 24, 1953. Patrolman Curley, while performing traffic duty in Dewey Square, was attracted by shouts of a holdup. He then observed a man with a revolver running along Atlantic Avenue and gave chase. After firing several shots he finally caught up with the man and disarmed him after a struggle. The prisoner was identified by the victim of the holdup.

Patrolman Joseph P. Toomey of Division 18 is awarded a Department Medal of Honor for meritorious duty performed on September 12, 1953. Patrolman Toomey, after spending many hours while off duty investigating an armed holdup of a cleansing store, finally apprehended a man in a downtown hotel who answered the description of the wanted man. Upon questioning, he admitted 18 robberies of cleansing shops in and around Boston.

WORK OF THE DEPARTMENT

Arrests

The total number of arrests, counting each arrest as that of a separate person, was 93,294, as against 84,288 for 1952.

There were 17,764 arrests on warrants and 33,378 without warrants; 42,152 were summoned by the courts.

The number of males arrested was 83,703; of females, 9,588; of foreigners, 2,961; of delinquents, 3,029; of minors, 7,920; of nonresidents, 31,176.

The number of persons punished by fines was 34,604, and the assessment of fines imposed by the courts amounted to \$163,282.57.

The total number of days' attendance at court by officers was 40,334, and the witness fees earned amounted to \$19,065.90.

There were 26,451 persons arrested for drunkenness, an average of 72 per day, as against 26,182 or an average of 72 per day in 1952.

One hundred fifty-eight persons were committed to the State Prison; 1,945 to the House of Correction; 35 to the Women's Prison; 118 to the Reformatory Prison; and 3,044 to other institutions. The total years of imprisonment were 1,829 (705 sentences were indefinite).

The value of property taken from prisoners and lodgers was \$151,625.16.

The value of property stolen in the city amounted to \$3,023,-770.57, and the value recovered amounted to \$2,312,608.23.

The Commissioner has attempted to find out what percentage of arrests in other cities is of nonresidents. This percentage is so small in other cities that statistics are not kept of this class of arrrests; therefore, it should be borne in mind in making comparison of Boston with other cities, either of the cost of policing or of criminal statistics, that 33 per cent of the arrests in Boston is of nonresidents, whereas other cities have but a negligible percentage of arrests of nonresidents.

For the twelve months ending November 30, 1953, as compared with the same period ending with November 30, 1952, a brief comparison of the number of arrests for major offenses may be of interest and is submitted herewith:

Offenses	Year Ending November 30, 1952	YEAR ENDING NOVEMBER 30 1953
	Arrests	Arrests
Aggravated assault	287	312
Auto', operating so as to endanger	644	618
Auto', operating under the influence of liquor .	509	487
Auto', thefts (including attempts)	137	151
Burglary, breaking and entering (including attempts)	1,206	1,201
Drunkenness	26,182	26,451
Larceny (including attempts)	2,753	2,708
Liquor law, violation of (State)	106	146
Manslaughter	57	62
Murder	21	23
Rape (including attempts)	62	100
Robbery (including attempts)	248	295
Totals	32,212	32,554

The balance of arrests consisted largely of so-called minor offenses, such as traffic violations, violations of city ordinances, gaming and miscellaneous offenses.

Uniform Crime Record Reporting

This department, during the past year, has continued its cooperation in furnishing returns to the Federal Bureau of Investigation, Washington, D. C., of the following serious offenses:

- 1. Felonious homicide:
 - (a) Murder and non-negligent manslaughter
 - (b) Manslaughter by negligence
- 2. Rape
- 3. Robbery
- 4. Aggravated assault
- 5. Burglary breaking and entering
- 6. Larceny:
 - (a) \$50 and over in value
 - (b) Under \$50 in value
- 7. Auto, theft

The following comparative tables show the number of certain offenses reported and cleared for the period December 1, 1952, to November 30, 1953, as against December 1, 1951, to November 30, 1952.

Uniform Crime Record Reporting—Comparative Table

Oifenses	December November		DECEMBER 1, 1951, TO NOVEMBER 30, 1952		
	Reported	Cleared	Reported	Cleared	
Aggravated assault	256	179	218	188	
Breaking and entering	1,090	637	1,200	674	
Lareeny (under \$50)	2,789	1,171	2,661	1,095	
Larceny (\$50 and over	1,806	818	1,804	813	
Lareeny of automobile	2,167	836	2,192	619	
Manslaughter by negligence .	54	41	56	48	
Murder and non-negligent man- slaughter	21	17	20	19	
Rape	62	53	59	57	
Robbery	267	175	198	124	
Totals	8,512	3,927	8,408	3,637	

A recapitulation of the foregoing shows the following:

					_ Cases	
					$\mathbf{Reported}$	Cleared
1952					8,408	3,637
1953					8.512	3.927

DETECTIVE BUREAU

A Detective Bureau was established in the Boston Police Department on November 6, 1950, in accordance with the provisions of Chapter 735, Acts of 1950. Detectives assigned to this Bureau are detailed to the Bureau of Criminal Investigation and the various Police Divisions.

BUREAU OF CRIMINAL INVESTIGATION

The Bureau of Criminal Investigation is composed of several units, namely, Automobile, Ballistics, Chemical Laboratory, Homicide, Lost and Stolen Property, Identification, Missing Persons.

In addition, special squads are assigned to cover the following phases of police work and investigations: banking, express thieves, general investigation, holdups, hotels, narcotics, pawn-brokers, junk shops, second-hand article dealers, pickpockets, shoplifters.

Members of this Bureau investigate felonies committed within the jurisdiction of the City of Boston. They also handle cases of fugitives from justice and conduct hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, they cooperate in every way possible with outside police departments in investigation of crime and prosecution of criminals.

Automobile Unit

This unit investigates all reports of automobiles stolen and is in daily communication with police authorities of the United States and Canada. Many investigations are made in cooperation with the Federal Bureau of Investigation, Post Office Department and immigration authorities of the United States.

The automobile unit index contains records of cars stolen in Boston, cars stolen in other places, cars reported purchased and sold, cars for which owners are wanted, cars used by missing persons and cars whose operators are wanted for various offenses. Many arrests are made by officers of the department and the automobile unit through information obtained from this index

All applications for Used Car Dealers' Licenses are investigated by officers of this unit. Frequent examinations are made to ascertain if used car dealers are conforming to the conditions of their licenses.

Using mechanical appliances and chemicals, members of this unit during the year identified a number of automobiles which were recovered or found abandoned on police divisions, restoring them to their owners, and have assisted in solving many crimes by means of their positive identifications.

Lost and Stolen Property Unit

A description of all articles reported lost, stolen or found in this city is filed in this unit. Many cities and towns throughout the United States forward lists of property stolen in such places. All pawnbrokers and second-hand dealers submit daily reports of all articles pawned or purchased. A comparison of the description of articles reported lost or stolen and those articles which are pawned or purchased by dealers resulted in the recovery of thousands of dollars' worth of stolen property and the arrest of many thieves.

Pawnshops and second-hand shops are inspected daily, for the purpose of identifying property which may have been stolen.

Homeide Unit

Officers of this unit investigate all homicide cases and interrogate persons involved in or who have knowledge of crimes of murder, manslaughter, abortion and other violent crimes. They prepare, supervise and present evidence at inquests.

BALLISTICS UNIT

Personnel consists of members of the Bureau of Criminal Investigation expert in ballistics, explosives and munitions. All evidence found at the scene of crime where firearms or explosives were used is examined. Suspected weapons are catalogued, fired for test and comparison purposes, and spent bullets and cartridge cases from these weapons are filed. Cases involving ballistic evidence are prepared and presented in the various courts.

All department firearms, accessories pertaining to the same, and tear gas equipment have been inspected and serviced.

All firearms held as evidence pending disposition by the courts are recorded.

Stolen firearms are traced and whenever possible are returned to the rightful owners. A file is kept on stolen firearms and checks are made against the file at the Lost and Stolen Property Unit and at the files of the Massachusetts Department of Public Safety.

When firearms, property of the United States, are found used in crime or recovered otherwise, such property is returned to the proper military or naval authorities after cases are disposed of by the courts.

This unit works in cooperation with other police departments, federal agencies, military and naval intelligence units.

EMERGENCY EQUIPMENT ON ALL DIVISIONS

All police divisions and several units have on hand a supply of emergency equipment.

Harbor Police Division is equipped with line-throwing guns and rifles.

Periodic inspections are made and equipment replaced whenever necessary.

BIOLOGICAL CHEMIST

The work carried out in the laboratory is highly varied in its nature, the frequency of any particular type being governed by the circumstances of the cases. A breakdown into types indicates the general scope of the laboratory.

TRAFFIC DIVISION

The Traffic Division embraces the area lying within the jurisdiction of Divisions One, Two, Three, Four and Sixteen as well as the traffic post at Boston University Bridge, Division Fourteen. It is charged with the enforcement of statutes, ordinances, rules and regulations pertaining to traffic within this area, the processing of parking violation notices for the entire department and the providing of a safety educational program directed to the general public.

ACTIVITIES

During the past year we were confronted with an increasing volume of traffic. While exact figures for the City of Boston are not available, it is conservatively estimated that the daily volume of traffic within the city is approximately 20–25% of the total registration of the Commonwealth. This figure at October 31, 1953, reached 1,410,269. A year ago it was 1,305,240.

Major construction in the form of the new central artery continues across the section of the city lying between the Charles River and Fort Point Channel, requiring traffic detours at several points along its length.

The Broadway Bridge was out of service for the greater part of the year while undergoing extensive repair. The Warren Avenue Bridge was closed to heavy trucking during the entire year and the Dover Street Bridge was seriously damaged by fire October 22, 1953, closing to traffic for an indefinite period. Necessary detours were established for the rerouting of traffic which would normally flow over these bridges.

A full schedule of parades was conducted during the year with traffic detours arranged by this division. Considerable congestion was experienced during the conduct of the Columbus Day parade and the Armistice Day parade, a situation which cannot be avoided while such events are scheduled during hours when retail stores are running on a "business as usual" basis, as is the case on both holidays.

Traffic details were provided for several emergency situations, including multiple alarms of fire aboard the U.S.S. Leyte and the S.S. Falcon.

Escort service was provided for many distinguished visitors to our city, including President Eisenhower, Ex-President Truman, the Royal Family of Greece, the Chancellor of West Germany, the Japanese Ambassador, General Van Fleet, Bishop Sheen, the Greek Orthodox Bishop, various dignitaries of the Lutheran Church, the Commander of the AMVETS Association, Mary Pickford, Danny Thomas and Ed Sullivan.

Parking

During the year ended November 30, 1953, the Traffic Division issued a total of 457,406 notices of parking violations, representing the output of the entire department. Of this figure, 283,121 were reported by officers of the Traffic Division, the balance by officers of the other divisions of the Department.

The parking law was amended by the Legislature as of May 1, 1953, providing a more lenient schedule of penalties, extending to twenty-one days the period in which the violator might return the notice of violation, and requiring further notice by the court before a warrant for this type of violation might issue.

On November 9, 1953, parking was restricted in the downtown section of the city between the hours of 8:00 a.m. and 9:30 a.m. on a sixty-day trial basis.

While the purpose of one of the recent amendments to the parking law was to permit the violator more time in which to return the notice of violation and thus relieve the heavy court docket, the very opposite condition prevailed and court prosecutions for such failures reached unprecedented heights, a further indication that a real solution to the parking problem lies in a parking law with "teeth" in it.

Revenue from parking violations in the Central Municipal jurisdiction amounted to \$348,890.37 for the year ended November 30, 1953. Parking meter revenue for the same period amounted to \$610,496.66.

SAFETY EDUCATION

A safety education program is conducted by the Traffic Division through the medium of the M-1 Safety Squad.

Complete coverage is made of all schools located within the city-public, parochial and private. Safety talks are provided by the officers of this squad with actual demonstrations of the principles of safety in action.

Children are given an opportunity to appear on weekly radio programs with their teachers under the supervision of the safety officers and broadcast through the facilities of Station W M E X.

The safety program is continued through the vacation periods with appearances at the various playgrounds, beaches and other places where children gather.

The services of the safety officers are also made available to industrial groups for lectures on the subject of safety. Their services are also employed in connection with the conduct of our many parades and in the handling of pedestrian traffic during the seasonal shopping peaks.

Traffic Problems

While various regulations have been adopted with a view to solving Boston's parking situation, it still remains as the number one traffic problem. Though by no means a cure-all, more adequate off-street parking facilities and a much stiffer code of penalties for violators would go a long way toward easing the present congestion.

Truck terminals in the down-town section of the city add somewhat to the traffic burden and it is recommended that such enterprises either provide off-street facilities for the conduct of their business or re-locate on the fringe area of the city.

The new central artery presents a major traffic problem. This is to be expected while construction is under way and considerable attention must be given to it.

Parades conducted through the shopping district while stores are open for business constitute a serious traffic problem which can be corrected in a practical way by scheduling the parades during the morning hours when the stores are closed.

BUREAU OF OPERATIONS

Duties

The Bureau of Operations has control of all communications equipment, consisting of telephone, teletype, radio and telegraph, and through its facilities has directed movement of radio cars, police boats and ambulances.

ACCOMPLISHMENTS

During the period from December 1, 1952, to November 30, 1953, personnel of the Bureau of Operations managed transmission, reception and handling of:

301,442 outgoing telephone messages and 4,280 toll calls made by the department through our switchboard.

Approximately 415,280 emergency telephone messages received and handled at the "Turret" through either "DE 8-1212" or the department intercommunicating system.

Approximately 411,354 telephone messages received through our switchboard, many of which were transferred to the "Turret" for handling.

171,430 teletype messages and 824 telegrams were processed; 9,094 of these teletype messages related to missing persons.

7,618 automobiles and registration plates were reported lost or stolen and 6,352 were reported recovered.

418,325 radio messages were sent, including "Sound Scriber" recording of same.

Four (4) main transmitters (Station KCA-860, 2 at Police Headquarters and 2 at Suffolk County Court House); 2 emergency transmitters at White Stadium, Jamaica Plain, for civilian defense; 111 automobiles; 30 combination patrolwagon ambulances and 4 boat transmitters and receivers; 36 wired broadcast amplifiers and 8 pickup receivers were maintained and kept in repair by members of this unit.

A radio shop is attached to the Department Automobile Maintenance Shop, where a 24-hour daily service is maintained.

CRIME PREVENTION BUREAU

The Crime Prevention Bureau operates for the prevention of delinquency among juveniles, and maintains a program of rehabilitation for maladjusted children.

DUTIES IN GENERAL

- 1. Develop a program of crime prevention, intended to eliminate factors that induce criminal tendencies among children.
- 2. In this program, enlist aid of the public, interested agencies and divisions and units of this department.
- 3. Teach good citizenship, develop a proper mental attitude of citizens toward law-enforcement agencies, and especially educate the public and the police in the problem of crime prevention and suppression.
- 4. Determine persons and places which in any way contribute to delinquency of children; investigating and taking necessary action to correct such conditions.
 - 5. Supervise and inspect places of public amusement.
- 6. Promote welfare of children, the sick, the aged and the needy; locating missing persons.
- 7. Investigate cases concerning boys and girls and assist in the investigation of cases where women are involved.

SUMMARY OF WORK ACCOMPLISHED

Inspections and Investigations

During the past year there were 13,048 inspections by the personnel of this bureau in connection with the following places:

Bus and railroad terminals Hotels

Cafes Theatres and amusement

Restaurants centre

Dance halls

Six hundred investigations involving women, young girls and children were completed.

CITY PRISON

The City Prison is located in the new Court House building, Somerset street, Boston.

Males arrested in the city for offenses the prosecution of which is within jurisdiction of the Central Municipal Court are conveyed to the City Prison, and, unless otherwise released, are held in charge of the keeper until the next session of the court before which they are to appear.

If sentenced to imprisonment, or held for a grand jury, they are conveyed by county authorities to the jail or institution to which they have been sentenced, or to the Charles Street Jail to await such grand jury action.

During the year, December 1, 1952, to November 30, 1953, 13,854 men were committed to the City Prison, as follows:

Drunkenness .										13,073

Two hundred and thirty-three male lodgers were received and cared for during the year.

HOUSE OF DETENTION

The House of Detention for Women is located in the new Court House building, Somerset street. All women arrested in the city are conveyed to the House of Detention, and, unless otherwise released, are held in charge of the chief matron until the next session of the court before which they are to appear.

If sentenced to imprisonment, or held for a grand jury, they are conveyed by county authorities to the jail or institution to which they have been sentenced, or to the Charles Street Jail, to await such grand jury action.

During the year 2,687 were committed, as follows:

POLICE SIGNAL SYSTEM

Signal Boxes

The total number of boxes in use is 571. Of these 194 are connected with the underground system and 77 with the overhead.

Miscellaneous Work

In the past year employees of this service responded to 1,800 trouble calls; inspected 571 signal boxes; 16 signal desks; 18 motor generator sets; 400 storage batteries. Repairs have been made on 90 box movements; 16 registers; 80 locks; 8 time stamps; 10 vibrator bells; 46 relays; 20 electric fans; 20 motors; 20 generators. This unit is responsible for the installation and maintenance of all electric wiring and equipment at all police buildings.

Connected with the police signal boxes are 64 signal, 571 telephone and 68 blinker-light circuits.

The Signal Service unit supervises all telephone and teletype installations and minor teletype repairs throughout the department. It also maintains 48 Headquarters-to-station house telephone circuits; 18 teletype-writer circuits, 18 radio-wired broadcast circuits, 6 radio-car response circuits; a circuit, with equipment, at the Charlesbank station of the Metropolitan District Police; also a circuit, with equipment, in booth at the East Boston end of the Sumner Tunnel; and the intercommunication units throughout the department.

The following list comprises the property of the signal service maintenance at the present time:

16 open circuit blinker-type signal P.B.X. desks

717 circuits

35 test boxes

400 cells of storage-type battery

2,000 taxicab signs

100 traffic booths

571 police signal boxes

20 battery-charging units

827,000 feet of underground cable

163,500 feet of overhead cable

35,278 feet of duct

77 manholes

22 motor generator sets

18 motor-driven flashers

300 iron road horses

- 2 gasoline electric generators
- 4 Chevrolet trucks
- 1 Ford truck
- 1 Chevrolet sedan

HACKNEY CARRIAGES

Chapter 392 of the Acts of 1930, as amended, limits the number of licenses to set up and use backney carriages in the City of Boston to 1,525.

During the police year, December 1, 1952, to November 30, 1953, due to changes of ownership and regrants, a total of *2,029 licenses were granted.

There were 318 articles, consisting of umbrellas, coats, handbags, etc., found in carriages during the year, which were turned over to the office of Inspector of Carriages. One hundred seventy-seven of these were restored to the owners, and the balance of 141 placed in the custody of the Property Clerk.

The following statement gives details concerning public hackney carriages, as well as licenses to drive the same:

Hackney Carriage Licenses	
(To Set Up and Use the Vehicle)	
Applications for carriage licenses received	2,029
of ownership") 1.640	
Carriages licensed ("regrants")	2,029
Carriage licenses canceled (in favor of "regrants" and "changes	
of ownership")	509
Carriages licensed ("changes of ownership")	120
Carriage licenses revoked	1
hackney carriage license year)	1,516
Carriages inspected	1,910
* 389 "regrants" — also includes 2 canceled for nonpayment. **Hackney Carriage Drivers**	
Applications for drivers' licenses reported on	5,631
investigation	
Applications for drivers' licenses rejected 141	1.00

Drivers' licenses granted

[†] Includes 5 canceled for nonpayment.

Drivers' licenses revoked, 30; of which revocations 8 were rescinded and the licenses restored; leaving the net figure	
shown of such revocations as	22
Drivers' licenses in effect November 30, 1953 (at end of police	
year) — licensed since February 1, 1953 (beginning of	
hackney carriage license year)	$15,240
Drivers' licenses suspended and drivers stripped of credentials	31
Complaints against owners, drivers and "setups" investigated	754
Days spent in court	60
Articles found in carriages reported by drivers	318

¹ Includes 15 female backney carriage drivers.

Public Taxicab Stands

There are 497 established public taxicab stands with capacity for 1.278 cabs, at the present time.

Private Hackney Stands

Chapter 392 of the Acts of 1930 provides for the occupation of private hackney stands (that is, upon private property) by licensed hackney carriage owners.

During the year, 27 applications (capacity, 426 carriages) for such private hackney stands were granted.

Sight-Seeing Automobiles

During the year ending November 30, 1953, there have been issued licenses for 24 sight-seeing automobiles and 16 designated stands (capacity, 18 automobiles) for same.

There were 31 sight-seeing drivers' licenses granted. One application for license to drive sight-seeing automobile was rejected.

Hackney Carriage Violations

During the past year 691 tags were issued to taxicab drivers for various violations. Sixty-one penalties were imposed, which included 30 revocations. This system of discipline has continued to result in relieving courts of many minor cases which would tend to congest their dockets.

Police Work on Jury Lists

The Police Department under the provisions of chapter 348, Acts of 1907, assisted the Election Commissioners in ascertaining the qualifications of persons proposed for jury service.

The police findings in 1953 may be summarized as follows:

Dead or could not	be fo	unc	l in l	Bosto	on			1,848
Physically incapac	itate	1						135
Convicted of crime								180
Unfit for various re	eason	S						768
Apparently fit							٠	9,487
Total .								12,418

The Election Commissioners sent to the Police Department for delivery 9,078 summonses to persons for jury service.

SPECIAL POLICE

Special police are appointed to serve without pay from the city, on a written application of any officer or board in charge of a department of the City of Boston, or on the application of any responsible corporation or person, to be liable for the official misconduct of the person appointed.

"New" applicants for appointment as special policemen for the year commencing as of April 1, 1953, were fingerprinted by the department, as has been the custom, and their records, if any, searched for by the Bureau of Criminal Investigation.

During the year ending November 30, 1953, there were 1,216 special police officers appointed; 2 applications for appointment were refused for cause; 14 appointments were canceled for nonpayment of license fee; and 9 appointments were canceled for other reasons.

Appointments were made on applications received as follows:

From corporations and ass	socia	tion	s .				634
From theaters and other p	olace	es of	amu	seme	nt		246
From city departments							303
From churches							21
From private institutions							12
Total							1,216

CARRYING DANGEROUS WEAPONS

The following table shows the number of applications made to the Police Commissioner for licenses to carry pistols or revolvers and to possess machine guns in the Commonwealth during the past five years, the number of such applications granted, the number refused, and the number revoked:

	Y EAR		Applications	Granted	Rejected	Licenses Revoked
1949			2,654	2,567	87	3
1950			2,735	2.651	84	2
1951			2,727	2,673	54	3
1952			2,807	2,748	59	2
1953			2,910	*†2,833	77	5

^{*34} canceled for nonpayment.

PUBLIC LODGING HOUSES

Public lodging houses licensed by the Police Commissioner under provisions of Chapter 140, Sections 33-36, G. L. (Ter. Ed.), showing locations and number of lodgers accommodated:

	Loc	CATIO	N			LOCATION											
17 Davis Street .							32,858

87 Vernon Street .							1,085										
Total				•	•		82,270										

^{† 11} licenses to possess machine guns.

PROPERTY CLERK

The Property Clerk's Office is charged with the care of all police buildings, lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into the possession of the Department.

All orders for supplies, building maintenance, uniforms and equipment are issued by this office.

During the year 160 motor vehicles came into custody of this office, 100 vehicles were returned to legitimate claimants and 64 vehicles were sold at public auction. There are now 38 motor vehicles in custody.

A maintenance shop for the servicing of department automobiles is in operation on a 24-hour basis. During the year, on 5,333 occasions, department cars were repaired and, on 2,057 occasions, cars were serviced. Thirty-four department cars and 157 privately-owned cars were towed by the department wrecker. The Department operates a motorcycle repair shop where, on 314 occasions, motorcycles were repaired and serviced during the year.

The Supervisor of Automotive Equipment is responsible for the inspection of all department vehicles, all garages in the various divisions, and is required to investigate and report on all accidents involving department vehicles.

PENSIONS AND BENEFITS

On December 1, 1952, there were 709 persons on the pension roll. During the year 25 died, viz: 3 captains, 1 lieutenant, 3 sergeants, 15 patrolmen, 2 civilians and 1 annuitant. Sixty-eight were added, viz: 1 captain, 2 lieutenants, 7 sergeants, 44 patrolmen, 2 civilians and the widows of Captain Hugh D. Brady, Sergeant William J. Condon and Patrolmen Samuel A. Dunlap, John J. Feeney, Edward P. Greeley, Edward F. Harrington, Frank J. Hughes, Martin A. Monahan, Francis J. O'Connor, John J. O'Connor, Frank A. Spitz and Thomas N. Trainor, who died from disability received in the performance of duty, leaving 752 on roll at date, 676 pensioners and 76 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$1,377,183.62, and it is estimated that \$1,717,827.71 will be required for pensions and annuities in 1954.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 34 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$5,172.00 during the past year.
